RICHMOND SEEKS WATER SUPPLY

NUMBER OF OFFICIALS FROM EAST BAY CITY INVESTIGATES SNOW MT. SUPPLY

A number of officials from the city of Richmond, which lies on the east side of San Francisco bay and just north of Berkeley, were in Ukiah last Sunday for the purpose of investigating the property of the Snow Mountain Water and Power Company in this and Lake counties, with a view to ascertaining the amount of water that might be available for a municipal supply for their city. Richmond has grown in the past twelve years from nothing to a city of 16,000 people, and their present water supply is inadequate. The difficulties along this line promise to increase stadily, as the city is constantly growing, and, we are informed, has had to turn down at least one very lucrative manufacturing project because it required a large supply of water for its operation.

Richmond is considering several sources of supply beside that in this county, one being the Marin Water District and another the Sacramento river.

The proposition of taking its water from the discharge pipe of the Snow Mountain company's power plant is not a new one by any means. In September, 1914, H. D. Corey, an authority on engineering, wrote an article for the American society of Civil Engineers, discussing the various future sources of water supply for the trans-bay cities. The article was written for the express purpose of inaugurating a discussion of the subject. When the Hetch-Hetchy proposition was up before congress, the president appointed a commission to investigate the pros and cons of the question from all the different angles. The matter of taking the San Francisco supply from this county was then investigated, but was abandoned as impracticable for the reason that San Francisco was providing for a future necessity of 400,000,000 gallons per day, while the local supply, it was estimated, would provide but 200,000,000. The attention of the east bay cities was then turned in this direction. General Graham subsequently discussed the matter with the city councils of all the trans-bay cities, and has invited all of them to come up here and see things for themselves. Several weeks ago he was called into a conference with the Richmond people and the visit last Sunday was the result of his invitation. Oakland also was to have been represented, but political upheavel prevented her representative coming. The various other cities—Berkeley, Alameda, and the rest—are expected to send commissions within a few weeks.

The water question is confronting the east bay cities very seriously. They are supplied at present by the Consumers' Water Company, which has wells all over the territory. The limit of this company's ability was reached three years ago, when the consumption went up to 19,000,000 gallons a day. The company then put in a strict meter system and cut the consumption down to 16,000,000 gallons. However, the consumption has again reached the 19,000,000 mark, owing to the growth of the population, and the east bay cities are facing a water famine. Under these circumstances they are looking around for a new source of supply.

Richmond alone is unable to handle a proposition of the magnitude or that under discussion (the piping of the Eel river water to the bay), as she has set a limit of $3,000,000 on the engineering expenses, which confines her engineers to a radius of fifty miles. Therefore she hopes to interest her sister cities in the project.

Thus the matter has barely reached a tentative stage, but it is hoped that with the visit of the representatives of the other cities, the Snow Mountain supply will be favorably considered. The Richmond delegation expressed themselves as highly pleased with their survey. They were to go to Gravelly valley also on the trip, but after they had seen the Eel river dam they stated that they had seen enough to convince them beyond all doubt that there was sufficient water for their purposes tenfold.

UKIAH COUPLE WEDS AT SANTA ROSA SUNDAY

Henry Huth and Miss Ella Bitner, of Ukiah, were married in Santa Rosa last Sunday morning at the German Lutheran parsonage by Rev. Brenner, of that city. Following the ceremony a wedding berakfast was served at the Hotel Overton, and the couple departed for Watsonville and Sacramento for a short wedding trip.

The bride is a charming young lady of this city, where until recently she has held a position at the C. Hofman Company store. Mr. Huth has been here only a short time.

The bride's father and sister, Emma, were present at the ceremony.

ORPHANAGE LAD DROWNS IN ORR CREEK TUESDAY

ENTERING WATER TOO SOON AFTER EATING BELIEVED TO HAVE BEEN CAUSE

Willie Brann, an orphan, who has been at the Ukiah orphanage of the Dominican Sisters for some time, was drowned in Orr creek last Tuesday about 1 o'clock. He was with a crowd of the orphanage children who were playing in Todd's grove, but shortly after dinner wandered away to the creek with the young son of Mrs. Powers. Here he dared the younger lad to go in swimming with him. The latter backed down and the Brann boy then plunged into a deep pool. The Powers boy then went back to town and about half an hour later told Keen Rafferty that a boy was drowned in Orr creek. Rafferty went over to the vicinity and notified John Gibson, and together they went to the creek and took the body from the water. Dr. Liftchild was called immediately and was on the scene not later than an hour after the boy was believed to have been drowned, but all efforts to resuscitate Brann were futile.

As there did not seem to be very much water in the boy's lungs, the doctor is inclined to the belief that the shock of going into the water so soon after eating was responsible for his death. This theory also would seem to explain the reason for the failure of the doctor's efforts to bring him too, as he was in the water hardly long enough for life to be extinct had drowning been the cause of his death.

PREPARATION FOR CELEBRATION GOING FORWARD SMOOTHLY

COMMITTE ASK ALL TO SEND IN CONTRIBUTIONS AT ONCE

Matters in regard to the coming Fourth of July celebration for Ukiah look most promising, according to Mr. Foster, publicity agent for the Fourth of July committee. The committee sent out a number of postals recentl asking those who contemplated subscribing to send in their subscriptions at once. A large unmber have done so, but there are many of the cards standing out yet, and the committee most earnestly requests that the holders send them in as quickly as possible.

A meeting of the executive committee was held last Wednesday evening for the purpose of taking over plans for the amusement features of the celebration, as well as to devise ways and means for raising additional money to that which will be raised by suscription. It was decided to spend several hundred dollars for a fine display of fireworks. It has been many years since such a display was seen here, and the committee believes that it will be a big attraction. The barbecue has been all arranged for and the various committees on sports, baseball, horribles, etc. are working and report progress. An orator will be chosen from the ranks of Ukiah's illustrious. We have several gifted with the silver tongue, who are able to soar into the empyrean with the best, so why look elsewhere?

Beginning in a week or so, a series of public open-air street dances will be given, one every Saturday night, extending up to the date of the celebration. Ukiah's street dances have become known all over the state, and most of the cities able to do so have adopted the plan. The dances will be financed by the committee and will be under the charge of the Ukiah Fire Department, the firemen having always taken charge of these affairs in the past and having demonstrated their ability to carry them off in a most successful manner. They will be nickle dances and the proceeds will go toward the celebration fund. A space will be roped off in front of the court house and the street prepared for the dancers Saturday evenings. They should prove a big drawing crowd, as well as an advertising feature of considerable merit.

Following is a list of those who have sent in their subscriptions in response to the committee's postal card campaign. As stated above, many others have received these postals and will confer a favor by sending them in at once:

MACHINERY FOR CANNERY IS NOW BEING INSTALLED

GOOD YEAR FOR LAKE COUNTY CANNING COMPANY EXPECTED

W. E. Smith, machinist for the Lake County Canning Company, begun work at the cannery building at the railroad crossing on the asylum road last Monday, looking toward the installation of the machinery for the coming fall run. Mr. Smith will be busy for several months. Nearly all the machinery has been hauled over from the Lake county plant and is on the ground at the cannery building now, awaiting the preliminary work.

This year the canning company will confine itself to canning its own beans, raised on its Upper Lake ranch, but a few sample packs of fruits and vegetables will be put up by way of experiment, and the directors announce that if the experiment is a success they will eventually take care of all the produce they can get. We have in embryo, therefore, what may develop into a big industry for Ukiah, and vicinity. The men at the head of the company are mostly local people and have the good of the community at heart, and therefore they have expressed themselves as desiring to do all in their power to encourage local prosperity. They should receive every encouragement that we are able to give them.

The outlook for the year is most favorable, as regards affairs at the ranch near Upper Lake. W. G. Poage, secretary of the company, informs us that the manager, Geo. Finney, reports that all the water will be pumped from the land this week and that plowing may be begun the first of May. This is several weeks earlier than last year, and will give the farming operations a long running start. For this reason the season will be longer than last and a big output is assured, for which the market is waiting with open arms. There is no trouble in disposing of the company's product, as it is the best in the world, and commands top notch prices. Hunt Bros., Co., who have a reputation all over the United States as marketers of pure food products of the highest class, handle the beans, and the fact that they will consent to do so is one of the highest recommendations as to the excellence of the product.

In addition to the green beans, the company will raise 50 acres of dry beans as seed for the Morse Seed Company, and Mr. Poage states that a much larger acreage might have been planted at the instance of that corporation, had the Lake County Canning Company been able to handle it.

CLELAND MISSES BRIDGE

Dr. Cleland and Will Connolly went to Anderson valley last Tuesday to bring back Connolly's car, which had been stalled there by reason of a broken part. They fixed it up and started home. On the way Connolly, who was in the lead, missed Cleland and went back to find him and bring the remains to town, should there be any. He found Doc and Doc's car, the latter badly used up. The doctor says that he saw Connolly go across a bridge and attempted to follow, but that somebody moved the bridge and he hit the railing. As the car was badly damaged both befront and behind, Dad Cleland says he thinks his son is concealing something and that it looks as if he went over the grade. Doc wont talk about it to any great extent, reminding one somewhat of Sheriff Byrnes in this regard.

Attorney C. H. McConaughy, of Fort Bragg, was in town on professional business last Wednesday.

BETTER SERVICE EXPECTED ON NORTHERN RUN

NORTHWESTERN TO CUT OUT STOPS ON EUREKA EXPRESS; TERMINAL MAY BE HERE

The summer train schedule of the Northwestern Pacific railroad is being prepared at the present time.

The Eureka express, which now passes through this city in the afternoon, will be given a more rapid schedule, and many of its stops between this city and the bay will be terminated.

In order to give the people of the stations which would be discommoded by the non-stop schedule of this train sufficient accommodation, the officials are said to be working on a proposition to run two trains through to either Cloverdale or Ukiah. In other words, the train which now makes its terminal at Healdsburg will probably be tied up at night at Cloverdale or Ukiah as its terminal.

It is planned by the officials to reduce the schedule running time of the Eureka express trains one hour between Willits and San Francisco. This will put the train from Willits in San Francisco at a reasonable hour, instead of having it arrive there after 8 o'clock, as it does now.

MORE CONVICTS FOR HIGHWAY LABOR CAMPS

Willits, April 26—Fifteen more convicts were brought up here last Monday to work on the State highway in the northern part of the county. Regular weekly consignments will now be brought here until the number reaches 200. Besides the men twenty mules were shipped here this week from the San Joaquin valley, to use on the construction work. Seven miles of the hardest part of the work is now completed, which is about a third of the gap between Cummings and the Humboldt county line. So far the cost of this prison-made highway is away below the estimated cost, about two-thirds, so we are informed.

WILLITS RESIDENT DEAD

John Green Hardwick died at his home in Willits, April 21st, aged 66 years and six months. He was born in Missouri, and crossed the plains with his parents in 1857. The first year was spent in the San Joaquin valley, and the following year they moved to Ukiah. In 1859 the family moved to Little Lake valley, and the deceased has lived there ever since.

The deceased married Miss Vinnie Carter, in 1891, and five children were born to this union, all of whom are living. His wife died in 1903.

The funeral services were held at the Methodist church, Willits, Saturday afternoon, and a large party of relatives and friends showed their last respects to his memory.

Roy Lynch fell from a pole while working on the telephone line in Anderson valley last Saturday, badly spraining his knee. He has been laid up since.

GUALALA ITEMS

Gualala, April 18—Tuesday of last week, the 11th, a young cyclone struck our coast, a very heavy wind almost too strong to walk against. Fortunately it lasted only a day, the following one being very pleasant.

The Stoddard & Buchanan stage line put on auto service the 13th, more than two weeks earlier than we have had before. It is a real comfort to know there is but one day between us and the metropolis. One does not look forward to the trip to San Francisco with such dread as when two long days and the rough old stage coach at our service, is replaced with the comfortable cars these enterprising men put on for the accommodation of the public.

Dr. Pitts was called to attend Mrs. Poggi Wednesday of last week, who was very ill at her home on North Fork of Gualala. We are sorry to report she passed away on the Friday following. She was seemingly better, and was sitting on the porch of her home talking with some neighbors when she suddenly expired. Another old-timer has left us. Mrs. Poggie had lived in our neighborhood for a number of years. Since the death of her husband, a few years ago, she has had her daughter, Mrs. Vance Reynolds, in the home with her. The funeral was conducted by Rev. Mr. Comma, of Manchester M. E. Church, the nearest minister. He and his wife motored down in his Ford in little over an hour from his home in Manchester, which we consider pretty fast driving considering the rough roads. Mrs. Poggie was laid to rest beside her husband, in the pretty little cemetery at Gualala, the 16th. Quite a large funeral and many beautiful flowers. A good neighbor will be missed from our neighborhood. The bereaved ones have the sympathy of all.

Mrs. Jakeway and Miss Kehoe were visitors at the home of Mrs. Atley Bowles, near Bourns Landing, on Wednesday of last week.

Mrs. J. C. Briones, of Bourns Landing, had a pleasant day with Mrs. C. Queen at her home at Fish Rock Saturday of last week.

Mr. and Mrs. Wm. Smith, of Loma Vista, spent the evening of the 15th at the home of J. C. Briones, at Bourns Landing, spending the evening in games. Chocolate and cake served, which was much enjoyed.

Mr. Wilhelm Brandt was calling around in our neighborhood one day last week, taking orders for fruit trees and small fruits. He has been canvassing this county for several seasons, and generally meets with great success, as he represents a very trustworthy firm in Oregon. Mr. Brant is always a welcome visitor to our homes, having been raised in our neighborhood.

We have just enjoyed a beautiful little rain, coming to us so gently the evening of the 16th; a very welcome visitor, as it is the first we have had for some time, and it certainly has helped the gardens and other vegetation wonderfully.

Mr. Martin Stanley, after more than a month's vacation spent in our invigorating atmosphere, has improved in health wonderfully. In the absence of Mrs. Taylor, of Felps Landing, who was called to Fresno by illness of her mother some time since, Martin has been chief cook, housekeeper, washwoman, etc., for her family. He has lately been called to San Francisco, to take up his former position as salesman for the Bruskes Shoe Company, on Mission and Sixteenth streets.

CARD OF THANKS

We take this means of thanking all those friends who were so kind to us during our mother's last sickness and death. Also we appreciated very much the lovely floral offerings, and the kindness of those ladies who so beautifully decorated the church.

Mrs. C. E. Pettis and family.
Mrs. Ella McKinley and family.
Mrs. Nellie Sanford and family.
Mrs. J A. Hoffman and family.
Miss Florence Owens.

CLOVERDALE CASE NOW READY FOR SUPERIOR COURT

Town Justice Breck Ornbaun rendered a decision Tuesday in the case of the People vs. W. J. Banker. This is one of the "dimmer" cases tried in his court recently, and on this one it was agreed by the plaintiff and defendant to submit the matter to the court upon an agreed statement of facts

The court holds that subdivision "C" of section 13 of the motor vehicle law that says "that the front light or lights of every motor vehicle shall be permanetly dimmed so as to prevent any glare therefrom which might interfere with the convenience and safety of the highway," is the law and the only law interpretable as a guide on motor vehicles for the purpose of use in safeguarding the interests of the public on the highway during night time. The court's judgment and decree, is, therefore, that defendant be adjudged guilty as charged. The ambiguity of the law, and defendant's plea of not guilty on the grounds that defendant did not comply with the law in directing the center rays of the lights at a distance of not to exceed 75 feet from the front of the auto defendant was driving mitigates to lessen the punishment imposed by the court. It is, therefore, ordered, decreed and adjudged that the fine of defendant imposed by the court be computed as follows:

Minimum fine, $1; District Attorney's time from Santa Rosa to Cloverdale, one day, $25; Traffic officer's time, one day, three men, witnesses in case, $15. Total fine, $41.

The case may now go to the superior court.—Reville.

Ben Edwards received word from Petaluma the first of the week of the death in that city Monday of his grandmother, Mrs. Feliz, a pioneer resident of Sonoma county.

Miss Wanda Lawson spent the week-end visiting friends at Mendocino city.

MARRIED IN LAKEPORT

The many friends of Clarence Tindall, a young attorney of Lakeport, member of the firm of Churchill and Tindall, and Miss Blanche Eleanor Woodward of Laurel Dell, were very pleasantly surprised on Monday to learn that they had been quietly married at two o'clock Monday afternoon at the Methodist parsonage by Rev. Mallory Flanagan.

Miss Woodward is the daughter of Mr. and Mrs. Wm. H. Woodward, of Laurel Dell, and is a young lady of much popularity, born and raised here in Lake county. Mr. Tindall is a native of Lakeport, being the son of Mr. and Mrs. W. H. Tindall, now of Calpella, Mendocino county. Both have hosts of friends who will wish them all the joys of wedded bliss.—Lakeport Bee.

H. C. Thurston, the electrician, assisted by Laurie McGarvey, set a pump at Riverside for the county the first of the week. The apparatus will be used to pump water to be used in sprinkling the roads.

UKIAH HIGH SCHOOL NOTES

BIG FIELD MEET WILL BE HELD AT SANTA ROSA TOMORROW AFTERNOON

(Ross Ryder, Correspondent)

The big spring meet will be held at Santa Rosa on the twenty-ninth of this month, according to schedule. This meet promises to net Ukiah another good bunch of medals, if not the honor of winning the meet. We have a good strong team, as was demonstrated the other day, when we ran up such a score on the other three schools. There is to be an excursion. The rates are to be one dollar round trip fare. With this low rate it is thought that many will attend. It seems that all should attend who can, and help boost the track team's boys.

The way the Lakeport boys are playing baseball does not look very well for the other schools of the league. Lakeporters annexed another team to their list of defeated by taking the game from Willits by default. Capt. Bill Milne announces that the Ukiah team will play again as soon as the big meet is over with. The boys cancelled their order for baseball suits and will play only in their Sunday best after this. Although we are sort of eliminated from the championship contest, nevertheless there will be several games played between our school team and other teams of this league before the season closes.

The big Robinson circus is coming, so the bashful swains who are planning on taking their dames ought to begin to follow Lester Scott's example and save up the pennies, in order that their fair friends may have the benefit of soda-pops, etc.

Miss Peggy Aldrich, of the local high school, will play the part of Ramona in that play to be given in the near future. The public are promised a rare treat in this play, as the book is one of the most widely read now extant.

Miss Melissa Ball, also of the high school, will have a part in the play, while Fred Van Dyke and Verda Edwards will be seen in festive dances.

Cards came out Monday of last week. Mr. Schoer reports a great increase over the grades of last month. Following is the honor roll: Students with 5 A's, Thomas Stipp, Vivian Burrows, taking five subjects. With five subjects the following received 4 A's: Leila Gibson, Evelyn Thomas and R. Ryder; with four subjects the following received 4 A's: Ruth Geitner, Reva Grant and Robin Gray. Students receiving no marks lower than B: Mary Devilbiss, Ev Ellison, Ed Ellison, H. Ford, Alvin German, Leila Gibson, Dorothy Handy, Marian Handy, Louise Jones, Hazel Poage, Ross Ryder, Evelyn Thomas, Earl Toles, Loleta White. One subject below B: Floyd Day, Merle Harvey, Lee Medcalf, Bernita Little, Kathryn Rowan, Dorothy Thomas.

It is easy to be seen that the honor roll is increasing every month. It seems that students study harder. Whether it is the fact that those who get good marks get their names in the paper or whether it is just because of the fact that parental solicitude is working the wonder, nevertheless the teachers find that the work is getting better every month.

Miss Birdie Aberson has returned from an extended visit on the coast.

Miss Lucile Cleland has signed a contract as assistant pitcher to the "Brownies" for the coming season. It is thought that her presence alone will bolster up the "Brownies." She batted .350 in the Epworth League.

Some very classy Willits chickens came down for the field meet Saturday. Charmers James Aldrich and Harold La Porte immediately took possession and escorted them about.

The garden plots which the different classes planted some time ago are all prospering fairly well. The junior plot looks exceptionally well. The sophomores' eighteen failed to come up, but the rest of their plot looks very good. The seniors' plot, which is immediately around the school building, is also blossoming out. The freshman plot is looking as well as can be expected.

Rules for the use of the tennis courts have been drawn up.

An article which contained criticism as unwarranted as it was unjust appeared in the "sob" column of the Times last Wednesday. The gist of the article seemed to be that the Ukiah high school athletics was only an institution by which the boys could get in their possession numerous medals of varying value to decorate their own persons or those of some fair friend. The sentiment of the Times seems to be undulating and to change with the seasons. Not long ago it was for us, and now, finding perhaps that it has been criticized for the stand that was taken, the paper flops around and begins to tear down athletics. The county meet was won fairly and squarely,

The Finnish colony recently purchased a fine shorthorn bull from Poma Bros. They had considerable trouble getting him home, and he didn't care about staying after they got him there. He did not hesitate a minute at a fence. Barbed wire, woven wire or any old fence looked easy to him.

BOONVILLE BUDGET

Boonville, April 25—The much needed rain hangs off till the farmer and stock man are nearly praying for rain and still it does not come. We had quite a heavy frost one day last week, but as far as known there was slight damage done.

Easter was fittingly observed by both the Methodist and Christian churches, and the excellent programs were much enjoyed by the crowds that attended both morning and evening. Much credit is due to the ladies who had the training of the children in charge.

Mrs. J. R. Elder, of Ukiah, and her brother, Gus Wallach, of Fort Bragg, were called to Anderson last week on account of the serious illness of their father, Wm. Wallach.

Jack Sweet, of Bell valley, seriously cut his hand one day last week while cutting wood.

Dr. Basford, of Potter valley, made us a flying visit one day last week in his new car, the Chevrolet. He was accompanied by Byron Swisher, of Healdsburg.

Mrs. S. Singley, of Ukiah, is visiting her son Ed, of Bell valley.

Dr. Mason, who has been in our community for several months, left for Healdsburg last week.

Miss Kate Donnelly and brother Neal, who have been visiting in the valley for a week, returned to their home in San Francisco last Saturday.

Mrs. Annie Cook, a former resident of this place, but now residing in Ukiah, visited friends in this section last week.

Mr. and Mrs. Ed Lawson are visiting with their son and wife near Petaluma.

Wm. Wallach came home last Sunday much improved in health. E. B. Hiatt brought him over in his auto.

The Boonville Giants journeyed to Hopland last Sunday to play their first game of the season. From all accounts it was a good game, and proved victorious to the Giants. The score stood 14 to 8.

What Is Seen and Heard About the Old Home

By JENNY STURTEVANT MACMILLAN

Hopland Easter Sunday

We didn't have a "Board Walk" parade here in Hopland a la Atlantic City, and we did not see any of the modes that dazzle the eyes, turned the heads, and emptied the purses of San Francisco's fashionable throngs, but we did have a glorious Easter just the same.

The birds sang anthems just as beautiful at those sung from the tower of the "French Church" in San Francisco, only there were not the same crowds of restless humanity to listen to them. The hills of glistening green and the carpet of exquisite wild blossoms in every direction, would have made a city's fashion parade ashamed and jealous on account of its plainness. And the fragrance and freshness of it all, surely would have been the envy of the grown-ups in a metropolis and a joy to its children. About three decades ago (isn't that awful) Mrs. Thatcher and three neighbors here gave me a surprise party on my birthday, which birthday or what birthday, well I just do not have to tell it all, but as pretty "Sadie McGarvey" used to say, let us take a pleasanter subject. This will be of the latest surprise party here at the Thatcher hotel, given by "Mr. Evan" and assisted by Mrs. Harvey. Evan said he wanted to plan a little time for a drummer friend, of Baker & Hamilton, who had recently married, and would I help him? With "Annie" the faithful devotee of service, for over a decade in the hotel her, I thought all would go beautiful, and it did. As Easter drew nearer Evan urged more style and effort, and I exercised renewed zeal. Mrs. Eugene Parr sent me an armfull of "American Beauties" as resplendent as any that ever reigned at "Pelican & Rossi's" or any other fashionable flower store. It was just a little Easter from her, but how they did add to the "surprise." Easter morning with al that sweet simplicity that marks the devotion of the Spanish to the sacred tune, Mrs. Belle Duarte also came with a floral tribute to the occasion, another armfull of blossoms for the day. Of course chicken was cooking; the salad was made; the potatoes and vegetables were uniting their savory odors with the chicken, a desert was all prepared and a fruit punch was ready and waiting for the "surprise." American Beauties greeted you first, and on the dining table I had the trailing vines of Mrs. Duarte's bride roses, and the exquisite honeysuckle.

The sideboard had a veritable bank of pink roses, and the Easter eggs I had struggled to paint as favors for the table, were waiting to be placed.

About this time Daniel Charles Heger, my former play-mate and school-fellow of the Ukiah Grammar school, and now one of San Francisco's best known merchants, drove up in his big seven passenger touring car with pretty, gracious Mrs. Heger, their son Ralph and wife, and Mr. and Mrs. Boyle of San Francisco. After the way of their neverfailing thoughtfulness of others, they wanted me to be their guest to Ukiah and return. I told them how busy we were, and they drove on, and I went back to further decorations and the last touches of preparation. Presently Evan called to me the guests were here and would I come and help do honors. I hurried in to find the Donald with whom I have chummed so long, and a dear San Francisco friend, Mrs. Maria Sandona, while Mrs. Harvey, her son Harold, and Evan had a laugh on yours truly. Well in Donald's language of commerce "it is a great life if you don't weaken, mother;" surely! and certainly a joyous Easter thanks to Evan and Mrs. Harvey.

Continuing in Donald's description of terseness, say now "Muz," isn't this preparing a surprise party for one's self great dope? It surely had its liberal compensations. The party really continued after Donald and "Maria" left for home and the "Stuffy city," as he termed it, at 4 o'clock. Mrs. T. J. Fine, of Ukiah called, also Miss Elizabeth Bradley, her sister. Mr. Arthur Stipp kindly drove down in his five passenger car, bringing Mrs. Stipp, the babies, and their good mother and aunt. It certainly added happiness to the day to have one's friends come so far to visit. Mr. and Mrs. Stipp are used to such jaunts, but Mrs. Fine is not much of a "gadabout," so her effort is fully appreciated.

Albert and Mrs. Brunner were flying through town on Saturday morning, but generously turned back to greet an old friend.

Col. and Mrs. Burns came up from San Francisco during the week to size up the damage to their interests and those of his present tenants, Messrs. Harris and Jones. The beautiful Burns residence did not burn, but the pretty bungalow and cook house were destroyed. The Burns interests by loss could have been much greater, but were bad enough as he was carrying no insurance. Messrs. Harris and Jones also would have sustained far greater losses later in the year. As it is these now represent a few personal belongings and a generous bill of supplies just received. However "it could have been worse," they all say, and so they are looking forward now, and not backward, the policy that always wins.

Mr. Spaulding, the well known traveling man, and Mr. Geo. Codding, ditto in the insurance game, are greeting old friends about town this morning.

Mrs. Henry Barker, Sr., was an Easter guest of her daughter, Mrs. Wm. Duncan, for the week end. They stole part of the time of a mother's precious visit, to call on old friends, a courtesy much appreciated.

Everybody went to the bazar of the Ladies Home Mission Society last Saturday at Brookes' Hall. Pretty aprons and a generous supply of edibles comprised the articles for sale. Among the former was a beautiful apron, tatting-trimmed, made by Mrs. Hicks, Sr. You should have seen the pretty tatting, girls, oh! but it was attractive. The clergyman's wife, Mrs. Whitman, Mrs. Samuel Brookes and Miss Hicks were among the active hostesses of the afternoon. Those present were, everybody in town.

Judge and Mrs. Clendenin, the Clarence Duncans, the Honorable Jos. Harris and wife, Mrs. Mary Harvey, Miss Hazel McFarland and a number of others were at the depot to greet the out-going city bound train Sunday p. m., to assist our metropolitan passengers toward their homeward way. Among these were the talented daughter of your Pat. Connolly, Mrs. Sam Duncan and daughter Ruth, Mrs. Frank Duncan and daughter Dorothy, Col. and Mrs. Dan Burns, Mrs. Maria Sandona, Donald G. MacMillan and Mrs. Aaron Wilbur McNulty and daughter Louise. Who says Hopland isn't a popular Easter resort?

There were delightful services in all the churches here Sunday. Owing to the sacred time and the abundance of flowers every edifice was resplendent with flowers, of course, as there could be no excuse for forgetting at least this simple tribute to the "Man of Sorrows" on the anniversary of his agony for our frailties. I remember at that wild place, our ranch near Covelo, how mother used to tell us we could have at least a tribute of the wild lilies about the place, and the Easter eggs symbolical, as Rev. Father Crook teaches, with their spark of life of the glorious One that "rolled the stones from the grave away," back through the centuries of time, to give that hope of all that is most sacred to you and me.

And this reminds me of that latest old-time friend journeyed on, Mr. Wurtenberg. They all tell me Ukiah was most generous in her thought of the old pioneer. Leave all this to Ukiah, she never forgets. He is one of the individuals of my earliest memory of Ukiah. One of the homes wehad belonged to the estate of some very aristocratic and wealthy relatives of theirs. They lived not far away. In those days Zanamar allied himself to George and me, and we threw rocks at Jake; some times at "Dave," if he posed as a "tease." Mrs. Shores married so young we did not see her; Helen was too young to play with us, and pretty and generous Mrs. Greenberg, of San Francisco, was one of the pretty girls of the "May Carpenter, Alice Chaplin, Kate Siddons" set. The last two were called home long ago and with many other of the beloved "Lang Syne" will greet the dignified tomnsman, Mr. Wurtenberg, when he reaches his last home, after his long and faithful service as a husband, father and citizen. The breaking of the home circle is much the same sorrowful parting, whether the years of companionship have been few or many. But be comforted, sad hearts, at the thought you have done your best. A more devoted wife and children a man never had, and beautiful indeed are the tributes that reach us of "Jake's" unfailing devotion. The lonliness of parting finds its consolation through time's many merciful channels. The bitter regret of neglest gnaws deeper with the years. Mr. Wurtenberg's family will find the sweetest consolation in their untiring devotion.

The Dooley hotel has a new coat of paint. Fresh curtains and all marks of neatness and attention are bringing Mr. and Mrs. Maze their share of tourist travel. Inconveniences in small places the travelers ran overlook, but a lack of cleanliness and neatness is unpardonable and inexcusable from whatever standpoint you argue.

Easter greetings from the L. W. Babcocks and Mrs. Perkins tell me they spent the day with the thousands of pilgrims that visit Father Serra's Cross, as did the Jno. W. Kemps, of Los Angeles, with her Mother, Mrs. Thatcher of this place. There are walks for the pedestrians, and drives for the thousands of magnificent touring cars that represent the wealthy touring public of the world, and these autos go one way and return another. On the glorious Easter morn at sunrise the visiting thousands, Catholics and Protestants alike, make the pilgrimage to bend the knee in sacred tribute to Him who patiently endured the agony of his bloody sweat for us of the carefree today.

Mrs. Chalfant-Prince could have had her husband, of whom she and her friends say such beautiful things, at Father Serra's Cross too, had she known there were so many old friends there. She and genial Mr. Prince are in Los Angeles, after a long and an extensive tour of the East.

I am flattered; maybe I should feel sensitive at public ridicule, but one never does at such things, not founded on fact. Many a father and mother in Mendocino county have labored for their children and will continue to do so. My parents were not different than these, and the rights of their children are not different than yours. For almost fifty years the family have paid taxes in the county, and I cannot tell you that the estate has any intention of discontinuing the process. I am rather happy to state that the beloved pater aside from his public interest and co-operation in all that went to make peace and prosperity in this county for over thirty years here, brought more money into the county when he came in the "70's" than he could have ever taken out. This has no bearing on the case, but is a fact never-theless. It is now over thirty years that the maternal has been a taxpayer here (and practically that length of time, that George has), in this particular valley, as we lived all over the county, save the coast section. So this "buttinsky"—honor that is thrust upon me, because as a family (and we are of many families), we advocate a few perfectly equipped and modernly maintained high schools—is as I said in the beginning, flattering. Note that I say "advocate." Mendocino county has some as fine schools as are in the state. Ukiah always will have. Such wideawake women as Mrs. Frank Rea, Mrs. Lee Gibson, such thoughtful men as Attorney Poage and Dr. Van Allen, will fight for and maintain the standards of education anywhere, and they have back of them a lot of earnest voters that have not one youth or one family in mind, but the very highest of standards for all, that can be procured. Better co-operate with the Superintendent of Schools and your Trustees for a few perfectly equipped and maintained schools, where your sons and daughters can go out into the world and maintain a standard with the best students with whom they will have to compete (they will have to do this) than to send them out to find themselves handicapped at every turn by their inferiority; and if to continue at the universities, that you will be put to alot of extra expense to have them coached to give them the ground work, a poorly equiped school or one maintained on a half way sort of standard, cannot give to them. Go to any of the individuals herein named, or to such university men as Chas. Mannon, Robt. Duncan or any of the other Mendocino county university graduates and seek information. Fine schools can not be opened every day. When you face such a tax and an expense, is it not like any other business investment, that you want full value for all you have invested? Having the children at home means a great deal. But is this not more than a matter of mere sentiment? Your demand is, the greatest possible result and benefit for the students, and your money's worth for the taxpayer. Are you to get this result best through individual schools or one splendid union school? So wonders the "Happy Hottentot" from Cape Colony, the Tartar from Tibet and your San Francisco "Buttinsky"—all of which I am accused. Wish I were as much traveled as you so kindly accuse me, we would "hire a hall," and as such a "globe trotter," I should be able to earn the "gate money" to pay for the hall, and all could discuss this vital question of the best needs of the boys girls, instead of this long distance "spar" through the silent medium of the press.

Packard and other prominent automobile engineers favor motor oils from Western crude. Exposition juries at San Francisco and San Diego gave highest competitive awards to Zerolene—an oil from Western crude. Zerolene is the best oil for *your* motor because *scientifically* refined from selected California crude—*asphalt-base.* Government experts tell us that oils correctly refined from asphalt-base crude "distill without decomposition" [do not break up and lose their lubricating value under cylinder heat] and are "much better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils." When you empty the crank-case refill with Zerolene. Dealers everywhere and at service stations and agencies of the Standard Oil Company.

DEMAND OPENING OF STREAMS TO PUBLIC

WANT THE PEOPLE OF THE STATE TO ENJOY PLEASURE OF FISHING

Yreka, April 18.—The Northern California Counties' Association, which met in this city, declared an intention of fighting for the opening of the streams of California and for the rights of the public to the sport and pleasure of fishing.

The directors stated the problem is a State-wide one and the people should fight for their rights irrespective of expense on the ground these rights belong to all and are paid for by the State.

The above declaration was brought forth in a discussion on theopening of the McCloud river in Shasta county by the members of the executive committee when a large delegation from Dunsmuir appeared before the committee for an indorsement of the campaign commenced in that city recently by the organization of a Siskiyou County Sportsmen's Association.

The Dunsmuir representatives set forth the action of certain millionaires owning large tracts of land along the river in closing the stream to trout anglers and ordering them off the land on the ground they are trespassing.

Shasta supervisors declared for a highway on both sides of the McCloud through that county and expect the millionaire land owners will fight in the courts against condemnation. In fact, one of them has incorporated his holdings under the laws of the State of Nevada.

The Dunsmuir men stated subscriptions for the fight are coming in from residents of Siskiyou and Shasta, but claim the expense will be great and wish the people of the State of California to learn the campaign is for the benefit of all, and with the opening of the McCloud river to anglers other streams will be opened by the same process of condemning land for a highway.

MONORAIL COMPANY GETS PERMIT FROM COMMISSION

Authority was asked this week of the railroad commission to construct a monorail transportation line, twenty-four miles long, between Hopland, Mendocino county, and Lakeport, in Lake county. The application was made by the Clear Lake Suspended Monorail Company, which is incorporated for $50,000. Of the stock, $26,400 has been subscribed and paid in and the remainder is subject to call. The subscribers of the stock have agreed to surrender their shares to the treasury and take first-mortgage bonds instead. The remainder of the $50,000 is to remain in the treasury, to be placed with the trustee for the benefit of the stockholders of the Clear Lake Railroad. The latter company is to transfer to the monorail company its right of way, properties and franchises.

The application says that there is no railroad at present in the district proposed to be occupied and the company expects to make a good profit. The company figures on making per year $200,000 gross on freight, $105,000 on passengers and $10,000 on carrying mail. The annual expenses are figured at $144,000. This includes interest, sinking fund charges, labor, power, renewals and betterments.

The line starts at the track of the California Northwestern Railway.

The directors of the company are: L. H. Boggs, Kelseyville; Andrew Smith, Finley; S. E. Brooks, Hopland; F. D. Flint, San Francisco; M. S. Sayre, Lakeport. The system is known as the Shoemaker High-speed Flexible Monorail Truck. — Clear Lake Press.

WOOD WASTE IS UNDER INVESTIGATION

Washington, April 18—The annual report of the office of Industrial Investigations of the Forest Service shows developments in its work of direct interest to the wood using industries and consumers of forest products generally.

One now phase of this work is the formation of wood waste exchange and the collection of detailed information regarding the supply of wood waste and the demand for it. This information is made available in the form of specific quotations from bona fide buyers and sellers of waste who co-operate by supplying complete information were sent to a number of wood using establishments and a list was gradually built up. It now contains the names of several hundred manufacturers. Lists of opportunities to buy or sell waste are published every three months and sent to the various co-operators. Manufacturers have co-operated heartily and reports of sales are being received regularly.

ASYLUM BUNCH NOT IN IT FOR A MINUTE FROM START OF GAME

The baseball game last Sunday between Ukiah and Talmage was too one-sided to arouse much enthusiasm among the fans, although a good crowd was in attendance. FROM NORTH CAROLINA

Editor Dispatch-Democrat, Ukiah, Cal.

Dear Sir: I have just received a copy of your most excellent paper, the Dispatch-Democrat, sent me by my uncle, James M. Jenkins, of your town. I want to congratulate you upon such a splendid paper. It my town here, with a population of 8,000, we have two newspapers, but the two combined are not equal to yours.

Will you allow an Easterner who has had the privilege of visiting your town and county to say a word of commendation in regard to the many merits of Ukiah and Mendocino county. I have had the opportunity of travelling thru the East and Middle West, as well as the far West a bit; and no place have I found that I like quite so well as Ukiah. It was indeed a joy to be there and visit my uncle, whom I had never seen. It was a pleasure to enjoy the most excellant climate there after having spent a year in the Windy City, Chicago, where is was cold nearly all the time. The sunshine, the flowers, the palm trees, the grass all were so grand that I could not feel but uplifted. And then "Old Sanhedrin", capped with snow, lingers in my memory and recalls boyhood days when I used to look at "Old Pisgah"; for I was reared in Asheville, in the "Land of the Sky," in the midst of the mountains.

After having travelled 25,000 miles, in sixteen states, and visiting thirty-five towns and cities, I can truly say I think Ukiah one of the prettiest, cleanest, most unique towns I have ever seen. Indeed, "Ukiah is a gem in the Emerald Ring of the Hills." You have a town that you may well be proud of in every respect except one—saloons—we are saloonless in North Carolina.

It was with a sad heart that I left Ukiah on the 16th of December. The sun never shone brighter, the birds never sang sweeter, the flowers never looked prettier than that day. I did not want to return East, but circumstances demanded my return. Still I have a longing in my heart to some day return to dear old Ukiah.

Trust you people will deal kindly with my uncle, who is facing the Sunset of Life.

From a Ukiah Booster.
EDWARD B. JENKINS,
Washington, N. C.
Nephew of James M. Jenkins.

Mrs. William Shattuck, who was ill the first of the week, is now much better.

Ike Burke came over from his ranch Peachland the first of the week, remaining in town several days on business. He was accompanied by his wife.

J. S. Triguerio, of Mendocino, was in Ukiah last Monday.

BIENVENIDO CLUB DANCE TOMORROW NIGHT

Tomorrow evening is the date set for the dance to be given by the Bienvenido club for the benefit of the Saturday Afternoon club. A large number of tickets have beenu sent out and Ukiah's dancing set is agog with expectation, as rumors have been flying that it is to be "some affair."

Excellent music has been obtained and F. T. Barker, veteran of a hundred ball rooms, will be floor manager.

TRACK TEAM PLAY WAS WELL RECEIVED

The track team play given by the Ukiah high school at the Victory theatre last night was uniformly good throughout and was well received. A good-sized audience was in attendance, and the school kids cleared a neat sum.

The various parts were extremely well taken, Miss Velma Ball as Nellie Goldengate and Thos. Stipp as Col. Lyon, seeming to be the favorites with the audience in their respective roles.

COAST CASE HEARD

PRESBYTERIAN CHURCH

Rev. E. K. Strong, of Berkeley, has been here for several days, and on Sunday will hold services both morning and evening at the Presbyterian church. Dr. Strong is well known as a minister of considerable power, and Ukiah people should not fail to hear him.

Mr. and Mrs. Adolph Marks are visiting in San Francisco.

UKIAH HIGH SCHOOL NOTES

(Continued from page 4)

and if the writer of the editorial appearing could have spent a little more time he would have found out that the failure of the other schools to attend the meet was not in any means a fault of the Ukiah high school boys, and the lack of the other teams attending was the subject of numerous long distance calls. It is certainly a lucky thing for the high school that all people do not feel the same way about athletics.

The last lyceum was very good and although it is rather late to talk about it, some of the numbers deserve special mention. Just what Scott's subject was is hard to state, for by the last week's high school notes in the Press, we see that he talked on baseball, while he fervently declares, with accents wild, that he talked on civic improvement. The duet by Misses Harvey and Hutchison was very good. Miss Holtzhauser's song was also well taken, but would have been better if there had been a male demonstrator to have helped her out. The numerous humorous readings showed Mr. Conway's evident sense of humor and brought down the house. The bimonthly was exceptionally good, several new poems and parodys appearing.

Medieval Combat

A two-round duel was staged in the training house the other evening. The two combatants were Childe Harold Sloper and Casey Montmorency Jones. Just what the reason for the fight was is obscure at best. It is thought that Jones must have been making eyes at Sloper's girl. Just how Jones could make eyes is doubtful, but anyway the fight, or rather the combat, took place. The action was about as speedy as a truck-horse parade and failed to draw much interest. Both contestants behaved in a very gentlemanly manner, even waiting to change shoes on account of the slippery condition of the floor. At the end of the contest Sloper presented Jones with an all-day-sucker, while Jones returned the compliment by treating to cones at the candy store, so that all are now satisfied.

The talk of Reverend Pope, which was to have been made last Wednesday, was postponed until next Wednesday on account of the crowded way in which events are occurring this week. We are looking forward with interest for the talk.

Twenty minutes of the last period were omitted last Tuesday and the time given over to yell practice by the student body. The boola song was sung and several of the yells were carried off with great gusto. It would almost seem that the yell leader was not used to quoting soft passages into the shell-like ear of the fair sex.

During the last week Mr. Schoer has been devoting his afternoons to the coaching of the play and several of the senior girls have been taking charge of his classes. Miss Lucile Cleland; Miss Peggy Aldrich and Miss Neva Duncan all have had a little experience in the intricacies of the art of pedagogery.

Miss Place's sewing class have become very proficient seamstresses, and sewing has been revived from the lost art column. It is a pity that cooking isn't taught here too, for if such were the case the poor girls would have a chance in the matrimonial line.

Misses Haile and Place spent the two days' vacation last week in visiting their relatives and friends in the bay cities.

Coach Omar Mockler, of basket ball fame, visited school last Tuesday.

Henry Meyer and Kenneth Williams renewed old acquaintances and friends on visiting the grammar school last Tuesday.

Miss Nina Holbrook, formerly of this school, and who is now attending the polytechnic high school in Oakland, passed through Ukiah last week en route to Oakland from Potter valley, where she had enjoyed the Easter vacation with her parents. A dansant was held last Saturday evening in Miss Holbrook's honor at Cleland's hall. Some fifty couples were present. "A good time was had by each and every gentleman and lady present."

The track team play, "A Modern Ananias," which came off last night, was a success from every standpoint. At least when these notes went to press it was, and from the amount of practice that the cast have been putting in on it, it may be said without even witnessing the affair that it was indeed a success. More will appear about the play next week. It is thought that the cast will take the play to Potter valley some time next week.

The last three periods were shortened Wednesday in order that the school and the town might enjoy the annual track team parade. The parade was a success in all respects, other than the tendency of some of the students to make the affair one that will be remembered more for the noise made than for the enthusiasm for the high school and its plays. There is, however, nothing better than the parade to work enthusiasm up to the fever pitch and increase the sale of tickets. The parade which we held last year was a great success, as was shown by the way in which tickets were sold the next day. It will be remembered that the parade was of the nature of a "horrible," so commonly found in the Fourth of July celebrations, and certainly brought results.

Richard Probst, who for some time has occupied a position with the Hofman company, was married in Ukiah Wednesday evening by Father Sebastian at the Catholic church to Miss Elizabeth Catherine Whelan, of San Francisco. The bride was attended by her sister, Mary, and the groomsman was Ed Bauer, half-brother of the groom.

Mr. Probst is a new arrival here, but has already made a host of friends, who will wish him well. He is the son of Mrs. Bauer, who resides on the old Crockett place, and is one of Donald Brown's towers of strength on the Ukiah ball team.
